Instructions

Keep the cable stripper between thumb and forefinger and squeeze it open. Put the cable in the stripper. Firmly turn the stripper 2-3 times around the cable. Open the stripper and pull the sheath slightly loose.

To exchange the stripping block, push up and forward at the front of the block with your thumb. Take out the block and click in the new block. The CST 5 can be used to strip KOKA 9 TS, KOKA 799, KOKA PE 6 and KOKA PVC 6 cables.

There are two available blocks:

- **6/10 mm** for KOKWI/KOSWI/QFA connectors.
Can also be used for all F connectors by cutting the length of the inner conductor to 6 mm.
- **10/10 mm** for QFC connectors and wall outlets.
